Subject: Re: Air pollution solutions from Air Balloon Hill Primary School

Good afternoon,

Thank you for sharing the great letters from the year 4 pupils.

We absolutely agree that air pollution is one of the greatest challenges the city faces.

Our Cabinet member for energy, waste and regulatory services is working on clean air proposals and in my Portfolio of Planning we're reflecting these emerging plans in the draft Local Plan.

Thank you for taking this lesson to Air Balloon it's a great school and know the kids will have loved it.

Best wishes

Nicola
